

Hello Pilots!

This is your official call to District Convention where we will begin our 100-year celebration “Treasuring 100 Years of Pilot”! Our District Convention is scheduled for April 9-11, 2021 at the newly remodeled Callaway Resort and Gardens Lodge.

The resort team is ready for us with all CDC guidelines in place. This beautiful lodge has lots of open spaces inside and outside for us to enjoy. Many of the rooms look out upon the beautiful lake at Callaway, call early to book one of these rooms. We will have use of all of Callaway Lodge’s conference center space during the weekend as no other groups will be there. We will be able to adhere to all CDC guidelines in our meeting spaces, marketplace spaces and workshops.

The Southeast Pilot region is hosting us at this beautiful facility. They have a fun time planned as a welcome for us on Friday night. On Saturday morning our speaker is Carrie Harris of the Rosalynn Carter Institute for Caregivers. Our awards Luncheon and informative workshops will round out the day on Saturday with Robin William’s installation banquet capping off the night. Sunday morning, we will remember Pilots who have passed away with a special memorial service.

Each of us feel that each time we are together, we reunite in friendship and cherish those times together. I treasure the moments that I have spent and will spend with you at District Convention. See you there!
